About Us

Image Digital Studio has been providing quality media production since 1995. We have many years of training and experience in the creative arts, which means you will be ecstatic with your professionally produced videos and photos. Having captured hundreds of weddings, we create lasting moments with the click of a shutter. We offer full video production services & digital multi-camera live event production. We also offer photography, CD / DVD production, duplication, Digital Albums, Wedding Cards, ID Cards and Lamination jobs. Our clients have come to expect only the highest level of expertise from us while staying within their budgets. Our Studio is setup to take headshots, family portraits and product photos with ease.
