About Us

Imagine India offers a bespoke, tailor-made service from experts who have extensively travelled throughout India, and who have genuine passion and knowledge for this fascinating country. From cruising the sleepy backwaters of Kerala, family adventures in Rajasthan, exploring ancient forts and magnificent palaces in the North, to expert advice for seasoned luxury travellers about off the beaten track experiences each travel plan is tailored to the customers exact wants.

India Manager, James OFarrell says Apart from the fact that I love India and think everyone should go, Imagine India was born out of the idea that it is possible to explore a vast and diverse country like India, with your own individual schedule, whilst staying in some of the most magnificent boutique, historical, and fantastically grand accommodation you will ever come across
