We are an ISO 9001:2000 certified manufacturer, exporter & supplier of **CARBON & GRAPHITE** products like carbon bushes, carbon pads, Carbon raschig rings, Carbon vanes, Graphite plates, etc. which are used in many industries.

About Us

Incepted in the year 1965, we were the **FIRST COMPANY** in India to manufacture **MECHANICAL CARBON PRODUCTS**. We have established our identity as one of the prominent manufacturers of **CARBON & GRAPHITE** products like Carbon raschig rings, graphite rods, carbon rods, graphite vanes, carbon vanes, Carbon seals, graphite blocks, graphite sealing rings, Carbon sealing rings, graphite filled ptfе rings, etc. We have benefited immensely under the able guidance of our mentor, MR. RAMNIKLAL SHETH, an entrepreneur par excellence. We have grown rapidly owing to his in depth knowledge of carbon properties and the industry trends. His futuristic vision has helped us in offering carbon & graphite items as an import substitute that have become indispensable to engineering industries.

We have a team of professionals and technocrats who have high qualifications and in depth knowledge of the market. With their expertise we have been able to expand our capacities and have also gained expertise in manufacture of **RESIN IMPREGNATED** carbon & graphite products that are used by many industries.

We are a very old name in the industry and have provided the industrially apt products that have satisfied our clients, from many years.
