About Us

We have entered the age of digital technology. Computer exists everywhere from a small kiosk to giant corporate house. Amongst all the sectors, information technology is following and will pave a path for faster growth. Infact e-business is becoming the most favored word with corporate as it took over from traditional business practices. A clear perception of the growing requirement of the corporate world in the area of IT has enabled Indian Technology Services to develop programs of specific relevance for the present and the future. Organization Indian Technology Services is a leading solution provider for Internet based applications. Established in 1999, The Company has been promoted by some highly experienced Professionals dedicated to provide total IT solutions under one roof. It possesses not only the latest technology gadgets but also the most knowledgeable and experience hands to offer most user friendly customized solutions. Indian Technology Services provides high quality on site services for software development and the end users on a broad range of hardware & software platforms and latest technologies. Within the first year of its operations, Indian Technology Services has carved a niche for itself in the IT industry and has increased its business by acquiring some major domestic projects. No doubt the company has been able to make a name for itself in a relatively short span of time only because of its ability and commitments to ensure customer...
