About Us

"One of the oldest human settlements, the Indus Valley Civilization, chose the Indian subcontinent as its home in the early 2nd and 3rd century BC, followed by the confluence of the Aryans from north and the Dravidians from the south. Gradually the glorious Mauryas, Guptas, Mughals, Portuguese, and eventually the British entered India, leaving a fine imprint on the soil and in culture of India. India today is a confluence of important religious belief systems like Hinduism, Jainism, Islam, Christianity, Buddhism, and Sikhism. However, India prides itself in giving the message of peace and syncreticism from the harmonious existence of these communities. . Located in southern Asia, India houses the legendary monument of love, the Taj Mahal. However, incredible India does not end with this wonder of the world; centuries of history take you on a mystical journey in the land of colors. From the Portuguese churches in Goa, to the traditional Rajputana carvings in Rajasthan; from the majestic Golden temple in the north, to the pristine Kerala backwaters in the south, every state holds a distinct flavor in its architecture, cuisines, lifestyles, and medicine. Since her independence from the British rule in 1947, India has come a long way in every sphere. With growth and development across sectors, Indians rank amongst the most successful doctors, engineers, businesspersons, artists, and sports personalities in the world today, being top-ranked achievers in every field. Indian...
