Indygreen Technologies Private Limited

<https://www.indiamart.com/indygreentechnologies/>

We are offering Turnkey solutions for Solar panel manufacturing as well as Lithium battery manufacturing & charging stations for E-Vehicles . These are admired in the market for their quality , reliability and long service life.

About Us

We **Indygreen Technologies Private Limited**, from **2012**, are famous amongst the esteemed wholesaler and trader of an exceptional quality assortment of Solar Equipment. Offered products range consists of Solar PV Module Assembly Equipment, Solar PV Raw Material, and Solar EPC. All offered products are manufactured using high-quality material under the supervision of the quality team. Apart from this, these products are known for their high performance, long service life, perfect functioning and user-friendly.

Our understanding of the client's demands has always assisted us in upholding a suitable position for ourselves in this market. Also, we procure this solar equipment from the certified and trustworthy vendors who hold excellent past record. Also, our in-depth domain knowledge and ethics have enabled us to meet the diversified need of the market. In addition to this, our ability to comprehend clients' desires perfectly has garnered us immense customer base across the market.

Our mentor, **Mr. Inderjit Singh**, has guided us to be able to reach such heights. Under his headship, we have attained the prominent place in this realm.
