About Us

Our company is a brainchild of industry stalwarts who have an experience of over fifty years in the IT field. The conceptualizers of Info Tachus had envisaged the need of IT services as the information flow at every level is increasing at the speed of light. Therefore, they came up with this idea of providing such services to all the businesses and firms. Our team comprises of experts, who are making a commendable progress in the field of IT solutions and services. Additionally, the diverse workforce recognizes the needs and priorities of different partners and brings appropriate solutions accordingly. On an internal level, the integrated team shares insights, skills, and resources to serve the customers better. All the members work in a cross-functional set-up and learn from each other without bringing in bias or prejudices. The focus remains on the quality, and our experienced squad does not deviate from providing the state-of-the-art solutions to all. Plus, their client-centric approach that is based on a deeper understanding of customer business is the reason for our success. The company aims to deliver the best services at the best cost!
