We are leading manufacturer of Pre-Engineered Structures, Prefabricated Structures, Mezzanine Systems etc. We are also offering Industrial Structural Fabrication Services.

## About Us

Started our enterprise in **2014**, **Infratech** is instrumental in the manufacturer of wide specifications of Pre-Engineered Structures, Prefabricated Structures, and Mezzanine Systems. We manufacture these products by utilizing finest quality raw material sourced from a trusted company with the latest technology. Apart from this, we provide these products to our estimable clients in tamper proof packaging at competitive market rates. Client satisfaction is the only motto of our organization so that these products are available in different specifications to meet their exact requirements. We also provide high-quality Industrial Structural Fabrication Services to our esteemed clients as per their requirements.

We have invested a vast sum in the establishment of our state-of-the-art infrastructural set-up. Our infrastructure is regulated by our team of adroit professionals and is segregated into various sub-units that are equipped with all requisite machine, tools, and equipment. In addition to this, we regularly update our machines and lubricate these machines for trouble free production procedures. We have recruited a team of professionals who are highly skilled and experienced in their respective fields. Our professionals work hard to cater to a qualitative range of products to our valued clients and are keen to achieve our set organizational goals. They work in synchronization to produce products in a smooth and swift manner within...
