## About Us

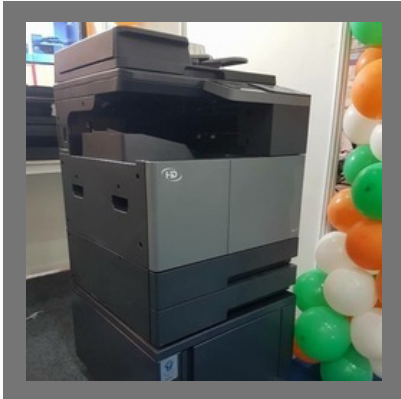

Incepted in the year **2000**, **Innovative Technologies Copy/Print Solutions** is engaged in **trading** and **supplying** an extensive range of **Image Copier, Digital Copier, Printer Consumables, Multifunction Printer, Drum Cartridges** and many more products. We are **Sole Proprietorship** based firm, which is also providing **Photocopier Maintenance Service, Photocopier Rental Service** and many more. We offer products for enterprises of all sizes, from large to small, from public to private, from industrial to service based, quality multifunction office copier equipment. All our machines undergo a rigorous refurbishing process overseen by technicians who have decades of experience working on Copier products. In fact, our corporate knowledge allows us to customize each solution to our client's specific needs. Located at **Secunderabad (Telangana, India)**, our scale of operations allows us to transfer the savings directly to our clients gleaned from our economies of scale. The main aim of our company is total operational integration with not just the technical needs of an office, but also its cost efficiency needs. We are not just a "copier company", we are a solutions partner. Our company understands that all business processes work in synergy and it is our goal to maximize those synergies through quality-cost-value optimization. Under the guidance of **Mr. L. Ratna Prasad (Managing...**
