About Us

Every big company in history started their journey with small steps. They had a unique business idea, dedication and the vision to see the future. Insty Print was established in 1976. In today's world, "photocopy" or "Xerox" is a common word for us. It saves our time from copying any document. But when Insty Print brought this technology, they were one of the few photocopy shops in Kolkata. Insty is one of pioneers in this business in Eastern India. Location is one of the four fundamentals of the business growth. Insty Print is situated at the heart of the business hub, near G.C.Avenue, Kolkata. Over time, Insty Print has earned goodwill by working with many corporates and prominent business houses. As the time passed by, our business saw gradual growth. Our humble beginning was with Photocopy and we slowly expanded into other fields like Wide Format Copying, Digital Printing, Wide Format Digital Scanning etc. Our main focus is now on Large Size Drawing Scanning and helping clients to restore their valuable designs from paper to disk.
