About Us

I am a leading Insurance Advisor, can do all types of Insurances, Wealth Management, for the future. Life doesn't come with an assurance, Your LIC does. In my journey as a Advisor, I have contributed by successfully ensuring more than 2500 families.

I have dedicated my professional life for the well being of people around me. I strongly believe that life as beautiful and we should love it and secure it with LIC.

According to me Insurance is the comforting whisper in the dark, silent hours of the night.

It is a new hope, fresh courage and strength for the mother to pick up the broken thread of life and carry on. It is a comforting presence, a helping hand, a softly breathed word of comfort and cheer when needed most. It is the undying, unfailing love and affection. It is fruition of a father's hope and plans for his family's future. Through life insurance he lives on, there is no death, life insurance is a plan that exalts life and defeats death.

It is the premium that we pay for the privilege of living after death.

Insurance is the sincerest Love Letter ever written.

I aspire to contribute to the well being of others life and in my journey as a life insurance advisor I have contributed by successfully ensuring more than 2000 families.
