About Us

Imagine a Business Process Outsourcing partner who takes care of your operational challenges, like a seamless extension of your own organization. For over 14 years, Invensis has been just such a partner for businesses around the globe. We count among our clients several Fortune 500 companies and small and medium-sized establishments, across a range of industries and geographies, such as USA, Canada, Australia, UK, Ireland, Germany, and other parts of the world. Understanding our clients' businesses and critical needs has been key to our long-standing relationships.
