INVT is a national-level high-tech company with nine subsidiaries, whose business involves AC drive, industrial control, new energy, rail traction, servo and motion control, energy management, building intelligence system, etc.
About Us

**INVT**, established in **2002**, is committed to be the globally leading and respected provider for products and services of industrial automation and electric power. In 2010, it listed as an A-share company on the Shenzhen Stock Exchange (stock code: 002334). INVT is a national-level high-tech company with nine subsidiaries, whose business involves AC drive, industrial control, new energy, rail traction, servo and motion control, energy management, building intelligence system, etc.

INVT has set up more than 30 offices domestically and internationally, with approximately 2000 employees in December 2014. A consolidated sales and after-sales service network has been established over the world which can provide customers with solutions, technological training and specialized support.

INVT holds the leading position in its main business of inverter manufacturing, which can provide a wide range of high, mid, and low-voltage general-purpose and industry-specific inverters with voltages ranging from 220V-10KV and a power range between 0.4-8000KW. They are widely applied to the industries of lifting, mining, metallurgy, textiles, machine tools, chemical, plastics, oil&gas, municipal, cement, power, etc. Except for the inverters, INVT can also provide customers with PLC, HMI, servo and motion systems, wind power inverters, Static Var Generator (SVG) and photovoltaic inverters.

INVT will continue to spare no efforts in reinforcing its...

LOW VOLTAGE AC DRIVE

- 3 Phase Flange Mounting AC Drive
- Vector Control VFD
- Mini AC Drive
- Variable Frequency Drive
MEDIUM VOLTAGE AC DRIVE

Series Vector Control Medium Voltage Drives

Mining Explosion Intrinsic Safety Drive

Special AC Drive for Coal Machine

Medium Voltage AC Drive
ELEVATOR ACCESSORIES

Elevator Control Cabinet
Elevator Intelligent Integrated Machine
Segment Code Horizontal LCD
Segment LCD Vertical Display
OPTIONAL ACCESSORIES

Inverter Control Keyboard

Regenerative Braking Unit

Dynamic Braking Unit

Water Supply Expansion Card
SERVO SYSTEM

Electro Hydraulic Servo System

Hydraulic Servo System

General Purpose AC Servo System DB100

Oil Pumping Servo System

Our Products
OTHER PRODUCTS:

- General Purpose AC Drive
- Car Top Operation Board
- PG Card for Asynchronous Machine
- Automation Software
OTHER PRODUCTS:

Rapier Loom Computer Control System

Cutter Controller

Mini PLC
