

Jai Hind Rubber Products Pvt. Ltd.

<https://www.indiamart.com/jaihindrubber/>

We are the prominent **manufacturer** of **ebonites, sponge and industrial rubber products.**

About Us

Established in the year **1947**, we “**Jai Hind Rubber Products Pvt. Ltd.**” are recognized as a reliable Manufacturer of Ebonite products, Sponge Products and Industrial Rubber Products such as Metal bonded Products, gaskets and other molded and Extruded Rubber Products.

These products are manufactured using the latest technologies and modern machineries. We have a visionary team of professionals who ensure optimum use of given resource. In addition to this, we use best quality raw material, which is sourced from the well-known suppliers. We keenly observe quality as per laid down norms. These industrial rubber products, manufacture by us, are widely appreciated for their quality. Our esteemed clients are spread all across the local as well as international market. We have considerable expertise in dealing with the various industrial rubber products. Last but not least, we aim to satisfy our clients by offering the most reliable industrial rubber products, industrial gaskets, ebonite products etc., at most competitive prices.

Located at Mumbai (Maharashtra, India), we are one of the foremost ebonite products manufacturers in India. We have valuable and vast experience of more than 65 years, which has enabled us to produce high-quality Industrial Rubber Products. We are specialized in the manufacturing of molded and extruded industrial rubber as well ebonite and Sponge Products. We are famed as a single-window for the wide range of...
