

Jain Engg. Co.

<https://www.indiamart.com/jain-engineering-company/>

Manufacturer and trader of rice rolling mill motors and sugar mills motors.

About Us

Jain Engineering Company is a pioneer in the market as a provider of an excellent assortment of services like Repairing Services, Alternator Rewinding Services as well as Rotor Shaft Body Fabrication services. These services are appreciated in the market, owing to the professional attitude of the company towards its processing and completion as well the quality of materials used. We are also acclaimed for the well-managed provision of the services. Unlike most establishments, we make sure that clients face no hassles while we handle their assignments. The company is also a highly acclaimed Exporter and Supplier of Electric Motors.

Based in Shamli, Uttar Pradesh, the company has always worked for its goal to make a mark for itself through maximized customer satisfaction. The use of specially designed machinery and equipment and highly productive methods has gotten us success and respect each passing day. **Mr. Vinod Kumar Jain**, our head and mentor, has had a significant role to play in the progress made by us.

Team

We are assisted by highly professional entities, for the provision of our services. Our team comprises workmen, designers and professionals, who are well-versed with the trends of the market and the expectations of clients. They assure the quality of the work delivered to clients, at all times.

Quality Assurance

We lay a lot of importance on the quality of the deliverables we make...
