## About Us

We “**Jain Spun Pipe Industries**” in **Faridabad (Haryana, India)**, is the reckoned **manufacturer and trader** of premium grade **Manhole Cover and Frames, RCC Pipe, RCC Slab, Cement Pipe, Plastic Footrest, RCC Interlocking Tile, Tree Guards, Fencing Pole, Manhole Frames, etc.** Our offered are widely used in residential and non residential buildings for different purposes. These products are made up us quality approved material like concrete, cement, chemical fixers and advanced technology in adherence to set industry standards. Further, these products are strictly checked on series of quality parameters assuring their dimensional accuracy, low maintenance and long lasting finish standard. We have set up a huge infrastructure base unit that is assisted with cutting-edge technologies and high-tech machines to engrave these products with speed and accuracy. Our infrastructure base unit is segregated into different small units in order to maintain smooth workflow operation and uniformity in production rate. The segregation is done on the bases of work functioning like manufacturing, quality analysing, warehousing, packaging, sales & marketing, etc. Owing to the hard work, sincerity and dedication of our quality controllers, we are able to attain a blindfolded trust of our clients. These products are rigorously checked on different quality stages by our quality analysts in order to bring flawlessness on these...
