About Us

Ours is a family run business having professional touch. The Board of Directors comprises of **1) Sri. OmPrakash Jakhota, 2) Sri. Balkishan Jakhota & 3) Smt. Lata Jakhota.** Sri. Omprakash Jakhota is the Founder and chief promoter of Jakhota Group of Industries who started from a humble beginning in late 1970 with Kesoram Cement , Basant Nagar, Karimnagar Dist.,A.P., handling their small outsourcing activities of transporting Gypsum, Coal etc. and also other labor jobs in the factory. We later moved on to handle their Jute Bag Branding works. With the HDPE/PP Woven Bags beginning to gain acceptability as a viable mode of packing Cement during 85-86, we started supplying HDPE/PP Woven Bags to Kesoram Cement from 1986-87 by getting Job Work done from Bag manufacturers. Taking a step ahead, **in 1994 we established our first manufacturing unit for HDPE/PP** woven bags at Hyderabad. Thereon we have set up six units at various locations in India and are proud to have a capacity of manufacturing 2445 Lacs bags per annum. Our major clients are from Cement & Sugar Industries.
