About Us

Making the environment a better place

Greywater is a specialised technology company in Water, Wastewater and Effluent Treatment Products. We offer a unique range of highly compact, plug-n-play, modular products under the Grewa brand. The Grewa range is suitable for residential and commercial buildings, hospitality and industrial sectors. Our products are installed with minimal on-site civil / fabrication work and offer significant reduction in space and operating costs compared to conventional solutions. Greywater's **founding team** comprises experienced professionals with proven track record in the industry.

Everyday several companies and thousands of people trust Greywater to meet their needs for reliable Wastewater Treatment solutions. Our Grewa range of products are innovative, fully automatic and cost - effective. We operate on the principle of 'No Waste' and strive everyday to create a greener world for the future generation. We are currently focussing on the Indian sub-continent area and would, very soon, move towards meeting and satisfying the Wastewater Treatment needs of our customers worldwide.

We are backed by Nexus Venture Partners www.nexusvp.com. Nexus Venture Partners is India's leading venture capital fund, with offices in India and Silicon Valley. The team consists of entrepreneurs and corporate executives, who have founded and scaled large global companies.
