About Us

JAM Bio Foods is an nutraceuticals manufacturing company, established in **2020** at Bahadurgarh (Delhi-NCR) – India with a motto of Making Lives Healthier. We are one of the largest producers and distributors of Cordyceps and its products in the world. With the commitment to purity and quality, we have our own cultivation lab, packaging unit, and storage facility, which enable us to control quality and cost at every step of the way—starting with cultivation and ending with the finished products that Make Your Lives Healthier
