About Us

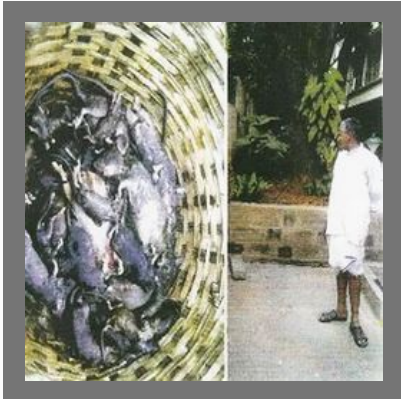

We, Jayalakshmi Pest Control are an eminent residential and commercial Pest Control Service Provider in Bangalore. A noted name in the domain, we have treated various buildings such as houses, hotels, offices, factories, commercial complex and many other infrastructures, with our pest controlling solutions. The major solutions that we undertake are Post Construction Anti Termite, Pre-Construction Anti Termite, Rodent & Rat Control Treatment, Wood Boring Treatment and Honey Bee Treatment. Best quality insecticides, pesticides and advance tools are used by us while undertaking the pest controlling measures. Moreover, being a reliable firm, we also offer eco-friendly and herbal treatments for pest controlling. Having a rich industrial experience, we are aware of the cause and adverse effects of rodent, ants, lizards and woodborer on property and health. To help people get rid of these problems we have been offering effective pest control services.
