About Us

Jaymatha Footwear was Founded in the year 2002, with the chief intent to serve the honored customers with quality merchandise and timely services. The company was started on a small scale but with the passage of time, we have increased our returns and turnover to an unimaginable extent.

Infrastructure

Our technically sound infrastructure forms the forte of our organization. We are backed by Many well-organized production unit that is equipped with high-tech machines to carry out bulk production to meet the timely requirements of the customers. In addition to this, we are also supported by a team of deft professionals who incorporate their skills and expertise to deliver flawless shoes. **Quality**

Control Policy

Forming an overriding factor in the overall company's growth, quality has always been the utmost priority while manufacturing of the shoes. We strictly follow high quality practices and fabricate shoes that conform to All quality standards. Stringent quality tests are conducted on various quality parameters as a mark of assurance.

Raw Material : For Upper: There Are Two Category

1. Synthetic Leather :For Synthetic Leather We Are Using High Quality (A Grade) Material Which Are Long lasting and Water Repellant .Micro Softy, Micro Touch And Goat Foams Are Some Of The Example Of Synthetic Leather Material..
2. 100% Leather : Most Of The Customers Prefers Only Leather Shoes .Leather Shoes Are...
