# Jayna Engg. Works

<https://www.indiamart.com/jaynaengineeringworks/>

We are identified in the industry as the leading **Manufacturer**, **Exporter** and **Supplier** of optimum quality range of Auto Parts, TVS King Parts, Mahindra Alfa Parts, Piston Pin, Bajaj Three Wheeler Parts, Piaggio Ape Parts, etc.

## About Us

**Jayna Engineering Works** was incorporated in the year **1962** with a vision to be a world leader in its field. We are the leading **Manufacturer, Exporter and Supplier** of optimum quality range of **Auto Parts, TVS King Parts, Mahindra Alfa Parts, Piston Pin, Bajaj Three Wheeler Parts, Piaggio Ape Parts**, etc. It started with the production of Piston pins. The technology was not much advanced at that time, but the hardworking labour made the production of piston pins cheap yet beneficial for the running of the industry. The period of 70's and 80's was the golden period for the company. Emphasis was laid on increasing the production rate by bringing in the latest technology. Before this, the idea of production by using machines was camouflaged. During 80's the company expanded by harnessing the power of machines.

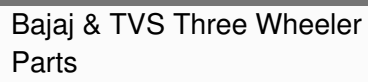

From a humble beginning by manufacturing of Piston Pins for all application, in year 1985 the company graduated to the field of manufacturing two/three wheeler components. The production of three wheeler components laid the foundation for the company. Three wheeler components now form a major part of production. For the production of these quality-assured products, we established our state-of-the-art infrastructural unit at **Ludhiana (Punjab, India)**. This unit is well-furnished with the modernized machines and tools for the effective production process of the offered products. Apart from production, a quality testing unit is...
