About Us

Jeewanmittra Infracare Limited is an end to end different kind of services provider; we take this opportunity in introducing ourselves as a professional services provider. Incorporated in the year 2006, we are an **ISO 9001:2008, 14001:2004,9001:2000, OHSAS 18001:2007, SA 9000:2008 certified** company and based out of Madhya Pradesh. Being a young and dynamic company, we pride ourselves as one of the most reputable service providers in India Having done so many years, we recognize that a productive partnership approach to Facilities Management helps businesses maximize their overall investments. By developing strategic partnerships with our clients, we actively contribute towards our customers' goals and their on-going upgraded requirements and we have gained an understanding of client expectations in different industries. The Company represents a team of professionals and provides an array of services for various industrial and commercial establishments. We come with a wealth of experience and expertise in our industry. The quality, safety and environment management models that we subscribe to, have ensured that we not only meet customer needs, but we also meet their expectations and their preference. We focus on being a single-source solution provider to every requirement in the various areas of customer needs. We support organization as the tech savvy arm through our 4M- based solutions of man , machine, materials and methods we have designed our systems to eliminate...
