We are engaged in **manufacturer** of the wide range of **Material Handling Crane**, Electric Wire Rope Hoist, **Freight Lift**, Hydraulic Freight Elevator and more.

About Us

Jeyes Engineers came into being in the year **2011** and carved a niche as the leading **manufacturer** of the wide range of **Material Handling Crane**, Electric Wire Rope Hoist, **Freight Lift**, Hydraulic Freight Elevator and more. Apart from offering high-quality products, we are also engaged in providing **Fabrication Works and Erection Services**. Products and services we provide are highly qualitative and could be availed at reasonable prices. Without ignoring the quality part we ensure to make our range available at minimum rates, keeping the budgetary constraints of clients in mind. **Mr. T.M. Rammurthy, Proprietor** of the firm has played a major role in our success. Under his astute guidance, we have been able to understand the complexities of the market and to respond it successfully. He always stood up with the team, understand their issues and provide prompt respond. As a satisfied team proves to be the biggest asset of the firm, hence we ensure that along with the clients, we also satisfy our team.

Owing to the support of our experienced staff, we have been able to serve the diverse customer's demand with great ease. We hire professionals after carefully judging their skills and knowledge and then assign them the tasks accordingly so that better results are derived. Besides, we organize various skill enhancement programs and training sessions for our team so that they...
