We are engaged in offering wide range of products such as Hospital Equipment, Medical Equipment, Hospital Furniture and many more. Our products ranges are finely finished in every aspect and available at market leading prices.
About Us

Jez Health Care a professionally managed company is among the significant players in the field of providing high quality products range at nominal prices. It was established in the year 2010 as a Sole Proprietorship firm from its headquarters located at Bengaluru, Karnataka (India). By following ethical business policies, maintaining transparency in our dealings and providing range within committed time period, we have successfully established our name in the list of top-notch organizations. We are dealing in products such as Hospital Equipment, Medical Equipment, Hospital Furniture, Medical Battery, Medical Lamp, Cardiology Equipments, Medical Consumable and many more. Our products range are finely finished and resistant against defects. Offered products are elegantly designed and easy to maintain. Our professionals strive hard to meet the requirements of customers in all possible manners. Our products are precision engineered in conformation to international quality standards and we customize them as per the customer’s requirement. Furthermore, our range is safely packed using premium quality packaging material, which helps us in making safe delivery of the bulk consignment. Our company is growing remarkably by executing their all operations under the prudent leadership and guidelines of Mr. Jeevan Jacob, who is designated as the Director in the company. His habit of taking keen interest in business...
