Manufacturer of connector casings, line pipes and anti corrosion coatings.
About Us

Jindal SAW Ltd. is a part of the USD 18 billion O.P. Jindal Group, one of the country's topmost industry houses and the foremost indigenous steel producers and exporters. It started operation in the year 1984, when it became the first company in India to manufacture Submerged Arc Welded (SAW) Pipes using the internationally acclaimed U-O-E technology. Jindal SAW Ltd. is in a commanding position in India’s tubular market, being the undisputed leader with a turnover in excess of Rs. 7500 Crore. With integrated facilities at multiple locations and an ever expanding market opportunity, Jindal SAW Ltd. has diversified from a single product company to a multi-product company, manufacturing large diameter submerged arc pipes and spiral pipes for the energy transportation sector; carbon, alloy and stainless steel seamless pipes and tubes manufactured by conical piercing process used for industrial applications; and Ductile iron (DI) pipes for water and wastewater transportation. Besides these, the company also provides various value added products like pipe coatings, bends and connector castings to its clients. Over the years Jindal SAW has continued to gain the confidence and trust of its stakeholders - from employees, associates, shareholders and people whose lives have benefitted by the company's endeavours.

With its vision of sustainable development firmly in place, Jindal SAW has played a leading role in developing livable cities across the world - that in...
