## About Us

JOC International is an indigenous manpower company and placement agency organized to provide manpower consultancy services to medical, engineering, technical and service industries worldwide.

Through a unique combination of skills, competencies, knowledge and favorable experience, JOC International is able to offer manpower services, ranging from consultancy to turn-key project implementation and operation relevant placements, right from skilled technical and well experienced field-work specialized professionals to top level management. The company recognizes and caters to special personnel needs of clients in various industries. It is managed by highly qualified professional manpower specialist consultants with over two decades of training and experience.
