## About Us

We are Engineering Consultants and Project Managers (established in 1993 as D.G. Associates), presently a small Group Of Highly Qualified & Experienced Professional Civil, Structural Engineers In India.

We offer services of international standard Keeping in pace with today's world and understanding needs of our clients, we have made our office fully computerized and are equipped with state-of-the-art concurrent engineering design packages like STAADpro, STEED steel detailer, Struds, Bentley Structural, Microstation, STAAD.Foundation, RAM Concept, REBAR, Strucad etc. We have also developed in house design softwares to enhance our productivity. These are updated regularly and new design softwares are developed as and when required.

It will not be out of the place to mention here that we are fully equipped to produce work of international standards and deliver them in scheduled time. We are proud that we have been able to keep all our clients happy about our quality services that are evident from the repeat orders being received from them on a regular basis
