About Us

Jupiter Software & Systems Pvt. Ltd. has been playing a pivotal role in the IT scenario at Jamshedpur since its inception in 1988 under the able guidance of Mr. Kamlendu Shukla, an IIT Kanpur Graduate from the batch of 1978. The company has grown from strength to strength, spanning its activities in different facets of Information Technology. Today activities of JUPITER SOFTWARE & SYSTEMS Pvt. Ltd. include Computer Education & Training, Sale of Software and Hardware, Support and Services, Systems Integration and Networkiing, Software Development and Consultancy Services. JSS has also forayed into education and publishing business through its associated company - Surabhi Publishing House (SPH). SPH is engaged in creating and publishing books and e-learning systems primarily focussed towards imparting computer education to kids and making learning fun for little children. Check the SPH website atsph.net.in.
