Jutee Handicrafts, the Leading Jute Jewellery manufacturing organisation in India , is an organized initiative, a mission to develop rural employments through modern technologies.

## About Us

Jutee Handicrafts, the Leading Jute Jewellery manufacturing organisation in India , is an organized initiative, a mission to develop rural employments through modern technologies.

Jutee is directly related with manufacturing with various jute based eco-friendly products mainly fashion-jewellery and other jute decore and fancy gift items.All these products are extremely feasible in the market and have uprising demand and have created a very healthy market in our country and also exported abroad.We have also engaged ourselves in manufacturing Jute bags, which also have a sky-rocketing demand in the market.
