About Us

Floated in early **2001**, K.Mass is a company promoted by technocrats & professionals with exceptional track record in the field of Production, marketing & servicing of flow control equipment in India and abroad. With a field experience totaling above 108 years, these professionals have lots of achievements and rewards to their credit.

Revolutionizing the industry in Flow Control Equipment & Services, K.Mass comprises of the following divisions; -

"Production" - The Manufacturing Division

- Being our prime area of activity and enjoying the Reputation of a Veteran leader in Valve Test Equipment, this division of K.Mass Manufactures a wide range of 'Standard' as well as 'Customized' Pressure / Vacuum Valve Test Equipments.

- The Test Equipment is manufactured primarily for Hydraulic and / or Pneumatic testing of all types of Safety Relief Valves, Control Valves, Conventional Valves, Mechanical Seals, Hydraulic Cylinders, Castings / Hollow Forgings and Pressure system assemblies.

- We also manufacture a wide range of Small Size Valves. This range includes Safety Valves, Excess Flow Check Valves, Ball Valves, Instrument Valves, Block & Bleed Valves, and Back Pressure Regulators.

"MARC" - Maintenance and Refurbishment Centre for Valves

- This division handles "Maintenance, Re-calibration and Refurbishment" of all types of Valves, Actuators and allied flow control...
