About Us

Greetings of the day ! We take immense pleasure in introducing to you KALIMATA ENGINEERING WORKS , a 37 Years old Manufacturing Company in the business of manufacturing Precision Toola, Jigs Fixture, Special drawing Items and fabrication through our associated developed vendors. We hereby introduce ourself that our registered office and factory situated in Bakultala Lane, Ramrajatala, Howrah – 711104, West Bengal, India & was started in 1978-79 with a single workmanship of Late Mr. ANIL KARAR and slowly under his skilled technical guidance the factory expanded its growth of supply range from west Bengal to across India. Reaching 1990's we were Quality approved Supplier / Vendor for India's esteemed organizations like Tata Iron & Steel Company Ltd.(Tubes Division), Tata Motors Ltd. (Jamshedpur, Lucknow, Pune), Rifle Factory- Ichchapur-WB, Gun & Shell Factory Dumdum, TVS Suzuki etc and in the year 2017 Registered with Steel Authority of India Limited- Rourkela- Odisha. On Mr. Anil Karar's carrier this Firm was made a Pioneer manufacturer and supplier of two categories of items one for tool attachments, Jigs fixture and highly precision engineering items as per customer requirement on the basis of his drawing and another for defense items with good Quality controlled timely delivery as per customer's entire satisfaction but on 22-08-2013 after death of Mr. Anil Karar which was our unexpected as ascertained both...
