## About Us

We at **Kamsri Printing & Packaging** are distinguished Manufacturers, Exporters and Suppliers of Printed Packaging Cartons. With a focus towards manufacturing high end multicolor offset printed packaging products, we achieve consistent quality and prompt delivery through adherence to set procedures and companywide training. We are one of the few printing and packaging companies that practise TQM, and the continuous education that we stress on even for daily work practices gives us a unique advantage in terms of consistent product quality.

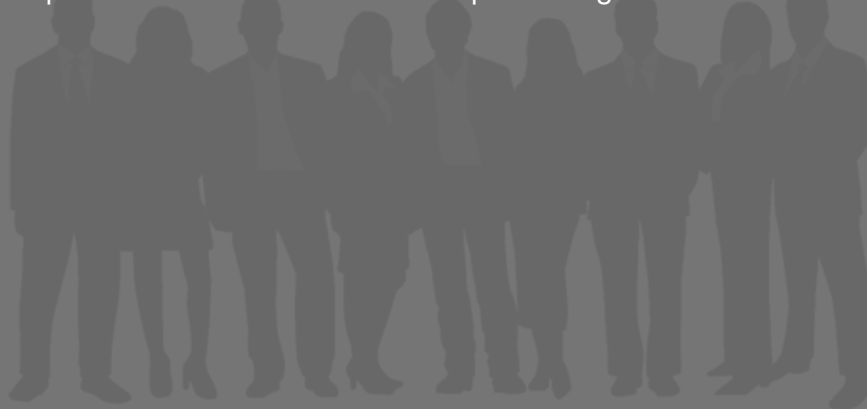

### **Infrastructure :**

Our infrastructure comprises various well-established units, some of them being manufacturing, quality testing, packaging, and warehousing. Spread over a vast expanse of around 55000 square feet, our manufacturing unit is equipped with the following facilities :

- Kamsri is ERP enabled.
- Pre press is equipped with latest softwares like adobe illustrator, corel draw, etc.
- GMG proofing facility
- Offline coaters are used for heat seal varnish and UV coating (full). The spot varnishing requirements are catered to by an automatic coater that works at a capacity of 10000 SPH.
- The folder gluers are equipped with wheel and nozzle type glue applicators. The gluers are capable of producing lock bottom and crash lock, among others.
- The press of Kamsri is equipped with printing machines from Mitsubishi and Heidelberg, in addition to machines that...
