We are a manufacturing organization offering a comprehensive range of connectors, wiring harnesses and interconnections for electronic equipments and appliances such as wire harness for headlamps & automotive applications.

About Us

Established in the year **1993**, we, “**Kartik Electronics**”, are counted amongst the prominent manufacturers, suppliers and exporters of a wide range of connectors, wiring harnesses & interconnections for electronic equipment & appliances. Manufactured using quality-tested material, our range is also being appreciated for its durability, high load bearing capacity and temperature resistance.

To meet the application requirement of engineering & automobile industries, we are well-equipped with sophisticated machining facilities that are handled by our technical experts. Our team of professionals also keeps them updated with latest industry developments & specifications laid down by the clients and strives hard to incorporate the same in our product line. Due to our quality approach, we have been able to acquire **ISO 9001-2008** certification and cater to the demands of our esteemed clients based in national and international markets.

Our mentor, ‘**Mr. Sanjay Wadhawan**’, holds wide industry knowledge and experience in this domain. He has been a source of inspiration and guides us in every sphere of business. Due to his excellent administration skills and in-depth expertise, we have been able to achieve a remarkable position in this highly competitive industry.
