We “ **Kattiyam Traders** ” are Manufacturer of **PVC Fitting, PVC Pipes, Plumbing Pipe, Finolex Pipes, Upvc Pipe, Drip Irrigation Pipe, Ball Valve**, and much more.

About Us

Kattiyam is a well known construction company which has been fulfilling the dreams and aspirations of home buyers since **2004** in South India, especially in Manapparai.

Polyvinyl Chloride (PVC) is a thermoplastic material that is used in a myriad of products including water pipe and electrical conduit. It is a polymer whose long chain molecules are made from the building blocks of vinyl chloride. Additives are used to enhance the properties of PVC for specific applications. Finished products come in a number of colors, are tolerant to ultraviolet light, and have various degrees of flexibility.

Construction, the very word describes its significance in human lives. Be it a house, institution, industry or a religious centre, construction has always remained an indispensable entity in human civilization. As an outstanding real estate company rather than concentrating in local market competition they give more importance for customer satisfaction. We are proud to say we continue long term relationships with our customers and they retain as our consumers again and again.

Excellent customer understanding enhances firm loyalty and incomparable trust.

Facility managers (FMs) can have many different titles and arrive in their profession through a variety of career paths. They're responsible for making sure systems of the built environment, or facility, work harmoniously. FMs contribute to the organization's bottom line through their responsibility...
