About Us

We, KC Consultants, are engaged in providing architectural, structural, & other engineering services to our clients for the past 15 (fifteen) years. We are engaged in the design of residential flats, commercial complex, industrial sheds, high end residential houses, interiors etc. Our services are acclaimed for client-centric approaches like timely completion and reliability. We have a highly skilled and well qualified team of professionals, which includes architects and civil engineers. Under the able guidance of our director, Mr. Parveen Mehta (B.E), we have been able to carve apposition for ourselves in the industry. We possess licensed software like AUTOCAD- 2010, REVIT, STRUDS (Structural Design Software) and QE- Pro (Quantity & Estimation Software). We have established an office premise of Approx. 750 sq. fts, which consists of 12 qualified professionals working for us. Our representatives meet with the client to discuss their ideas, requirements and overall budget. We then advise on the various options that best meet the client's objectives. A detailed quotation is presented to the client, summarizing requirements and outlining solution and costs. Once accepted we work with the clients to provide them the best possible solutions at competitive market prices.
