## About Us

**KEL India Filters, established in 1998**, is a leading manufacturer, supplier and exporter of all types of **air filters, gas filters**, and other products including **pleated dust collection filter cartridge, liquid filter bag and pollution control filters**. We pride ourselves in being India's first indigenous filter manufacturers of pleated dust collection filter cartridge, PP filter bag and liquid filter bag with welded PP collar. Being in the industry for about 12 years, we are known for our dedication to quality and ethical business practices. It is due to the efforts of our operational manager **Mr. Indulal S. Acharya** that we have that our company has achieved a credible reputation. He also heads our R&D team which constantly comes up with new innovations to improve the performance and durability of our products. Mr. Acharya has recently been recognized for his efforts by being bestowed with the **Rashtriya Udyog Ratna Award**. We have two manufacturing units in Gujarat (India) covering a total area of 3,000 sq ft that are equipped with state-of-the-art production and quality testing machinery. We acquire our core raw materials – polyester fabric, polypropylene (PP) and polyethylene (PE) - from trusted and well-established vendors to ensure that the quality of our end products is at par with international standards. We **export our products to Europe, USA and GCC countries**. We are a...
