About Us

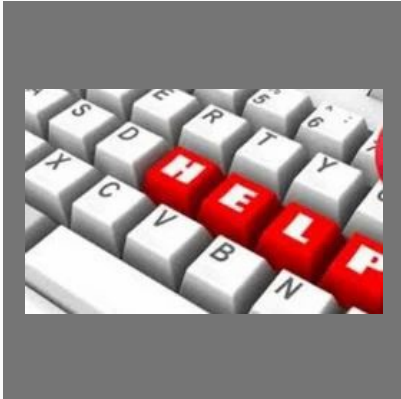

Welcome to Kestrel Technologies Troubleshooter ! It is an IT and Web- Solution company which offers advanced technical-support and vast range of website solutions. With our immense experience and advanced technical know-how, we help our clients fulfill their technology based needs and concentrate on their main business. In addition to this our huge range of online solutions help us cater their requirements specific to websites and online promotions of websites. Our comprehensive technical expertise comprises our 15 years of experience in the industry, team of highly skilled professionals and our passion to provide you with the best solution. In 2003 Mr. Devendra Singh, a young and energetic professional having hunger to provide best solutions to the industry on an affordable price, kept the first brick of the company in Kanpuri, India. In a very short span of time company's zeal to grow and its solution oriented approach made it cross many milestones and leave a foot-print in the industry. It not only helped customers reach their respective targets, but also provided them with solutions which is exact to their satisfaction level. With the same zeal and passion today we are just a call away to offer following services: Troubleshooting & Repair We'll quickly figure out what is causing your computer problems and determine the best options for getting your system back up and running. We have the quickest turn-around time in town. Bootup problems. If your computer won't...
