Offering advertising services and location development services.

About Us

In the year 1998, at a tender age, Mr. Pranay Shah had thought of the concept of Advertising Space Planning. His vision and dedication has caused the inception of Khushi Advertising in 2004. The inception of our establishment was out of pure necessity. In 1998, there was a need for a space and media planner, who could conduct and conclude large media plans. Since then, we are a one-stop shop for essential and unique advertising spaces. Providing space for creative advertisements and brand promotions is at the heart of our organization. Our goal is to reach more people everyday to propel the efforts of achieving advertisement gain for our clients. We not only conduct big promotional activities, but also provide all sorts of Advertising Spaces at various levels. We also generate tailor made space for special promotions. Khushi Advertising's ability to work with the client's creative and tailor to specific needs assures the advertiser that they will stand out in the advertising environment, reaffirming that their message will get noticed. Khushi Advertising knows that location is everything and we strive to educate our clients on location driven targeted audiences. Whether it be in the food court or in the games zone or in the premises of an mall/multiplex, we work with the client to determine the targeted audience in order to make sure that their message is placed in the right dominate location for optimum results.
