## About Us

Kidney Care Hospital & Research Center was started on 9th Oct. 2008. Since inception we have been providing tertiary healthcare services in an area as wide as Western MP & Southern Rajasthan in a radius of 500kms. To date we have completed more than 2000 dialysis sittings, more than 500 urological endoscopy surgeries apart from attending to 3000 patients in our outpatient department. This hospital is a professionally managed kidney unit, equipped with a team of skilled & dedicated doctors & paramedical staff.

Kidney Care Hospital & Research Center was started on 9th 2008. Since inception we have been providing tertiary healthcare services in an area as wide as western MP & Southern Rajasthan in a radius of 500kms. To date we have completed more than 2000 dialysis sittings, more than 500 urological endoscopy surgeries apart from attending to 3000 patients in our outpatient department. This hospital is a professionally managed kidney unit, equipped with a team of skilled & dedicated doctors & paramedical staff.

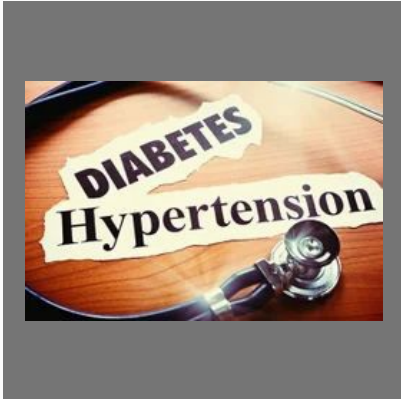

Any organ of body per se has medical & surgical side to it. Both fields cohabit mutually to each other. We provide both medical (nephrology) & surgical (urology) services in regard to kidney under one roof. Working in a symbiotic relationship provides extra advantage in patient management & not an overview, which should be an criteria for any goal oriented super speciality hospital.
