About Us

Kido Enterprises has been in the Montessori and preschool industry for the past 25 years providing a variety of solutions to our customers. Our name has become synonymous with quality and we strive to provide the best solutions to our customers. Right now, we support more than 10000 schools across the globe with a variety of solutions such as Montessori materials, preschool materials, furniture, outdoor equipment, preschool curriculum and more. We also export our products to countries such as Poland, Denmark, Australia, USA and countries in the Middle East. We currently offer 5 categories of products and solution. 1. The first is the entire set of Montessori Premium materials meant for Montessori houses of children. Our Montessori equipments are manufactured with the highest quality diktats as laid down in the Montessori Method. We are one of the largest suppliers of Montessori materials in India and also supply our materials to several regions across the globe such as Middle East, USA and Europe. We are one of the few manufacturers in the world to manufacture and supply Montessori materials that include the Toddler range, pre-primary range as well as the primary / elementary Montessori range of materials catering to the age group of 1.5 years to 12 years. 2. We also manufacture a budget range of Montessori materials. The Montessori budget range does not compromise on the accuracy and precision as dictated by the Montessori Method, but the aesthetics of the...
