# Kimya Biotech Pvt. Ltd.

<https://www.indiamart.com/kimya-biotech/>

We are reckoned **Manufacturer, Importer And Exporter** of a broad collection of **Carnation Plants** and **Gerbera Plants** etc.

## About Us

Our Company **Kimya Biotech Pvt. Ltd.** has built on solid foundation of traditional expertise in agricultural practices We are reckoned **Manufacturer, Importer And Exporter** of a broad collection of **Carnation Plants** and **Gerbera Plants**. Accepting newer challenges and turning them into a success, is the way of our life at Our Company. From huge Sugar Cane farming to pioneering in exporting Grapes to Europe are the achievements in this journey. In **1995**, when the Green House cultivation was at the newest trend & no know how, neither Consultancy nor any guidance was available in those days. At Our Company, everything was carried out by the trail base & was done till getting the perfect results.

All the hard work has enriched us by the deep knowledge of Green House farming and especially in the Carnation cultivation. Almost 15 years' experience has made us expert in this field. From Soil to Climatic conditions, from Selecting perfect performing variety to choosing the perfect Fertilizer and from caring the plant and the market, are the areas, where we have earned the rock solid confidence in our hearts.

Biniek, Poland is very devoted company engaged in Gerbera breeding from 1970. Their varieties are best performing & compeating in all Urop. Kimya is providing Biniek's Latest Gerbera varieties newly introduced and best performing varieties in India, with prompt delivery and best after sales...
