Kiran Electronics

<https://www.indiamart.com/kiran-electronics-surat/>

We are specialize in dealing with CFLs light, and we have multi products like 5 kinds of shape of tube, multi power and high illumination.

About Us

We, **Kiran Electronics**, are working as a distinguished **manufacturer, importer, trader and supplier** of **Compact Fluorescent Bulbs, Spiral Compact Fluorescent Bulbs, CFL Lights, CFL Lamps, etc.** Our range is developed as per set parameters and standards by utilizing high grade of raw material. We source the material from reliable sources that are associated with us for so many years. The products offered like **Compact Fluorescent Bulbs, Spiral Compact Fluorescent Bulbs, etc** by us are high appreciated among the customers due to its easy installation, excellent performance, shock proof and fluctuation free nature. Our range finds huge demand in both commercial and residential sectors for lightning purposes. Also, the range can be customized as per the client requirements so that their exact demand can be met.

Further, we are supported by sophisticated manufacturing unit, which is fitted with advanced machine and tools. This unit is handled by proficient employees who are working for the welfare of customers and our company. Our team makes sure that no cheating is done with the patrons in term of quality and product performance. Hence, the stringent test is done on every finished product prior to its dispatch. Furthermore, the small carton boxes are used for packing of the range. It keeps it safe from damages and scratches.
