Koti System's
https://www.indiamart.com/kotisystems/

Koti Systems is a prominent name in the industry engaged in manufacturing and supplying of a wide variety of Capacitor Winding Machine, Capacitor Element Test System, Capacitor Element Soldering Machine and other.
About Us

Koti System's established itself as a Sole Proprietary business in the year 1998 with its business headquarters located at Bengaluru, Karnataka (India). We manufacture and supply a wide assortment of quality products such as Capacitor Winding Machine, Capacitor Element Test System, Capacitor Element Soldering Machine, Capacitor Element Surface Brushing Machine and X-Y Manipulator. All our products are manufactured by using best grade material that we sourced from reliable vendors of the industry. Our quality product range is technically advance and give us a clear stand from stereotyped markets and make us uncommon amongst them. We have become the first and foremost choice amongst our widespread clientele because of our flexible payment options and customized shipment solutions as per their requirement. Mr. S. A. Jayaram holds the proprietorship of the company and is wisely leading all business affairs of the company with his excellent managerial abilities. He attains a vast knowledge in the industry and uses the very best of his experience for regulating new policies of the business in the organization. We are leaning over the edge and have sky-high success without any leaps and bounds under his only guiding principles. He always encourage our professionals to work hard and meet the huge market demands in speculative time...
