Krishna Led Lighting Semiconductors

<https://www.indiamart.com/krishnaled/>

We are a well known trader, wholesaler and supplier of an unparalleled range of LED's, Diodes and Semiconductors. This range is admired for its durability, lower energy consumption, improved robustness, faster switching and reliability.

About Us

Established in the year 2011, we, “**Krishna LED Lighting Semiconductors**”, are one of the distinguishable names engaged in trading, wholesaling and supplying an extensive range of **LED's, Diodes and Semiconductors**. Under this range, we offer **LED Modules, Strawhat LED's, Flat Top LED's, Tri Color LED's, Super Flex LED's, Multi Color LED's, Strawhat Power LED's, Diffused Water Clear LED's, Bi Colors LED's and Display**, amongst few. Additionally, we are offering **Zener Diodes, Bridge Rectifier, Fast Recovery Rectifier, General Purpose Rectifier and High Voltage Rectifier**, to name a few. These products are sourced from the authentic vendors of the market. These vendors ensure to develop & design this range using highly advanced machines and innovative techniques in complete adherence with the international quality norms & standards. LED's offered by us are highly appreciated among the clients, owing to their outstanding performance, high illumination and heat resistance. In addition to this, the offered range of diodes is acknowledged among the patrons for its easy installation, minimal maintenance, dimensional accuracy and longer functional life. Our research and development personnel ensure to conduct several surveys, in order to ensure that the offered range is abreast of the latest technological advancements. In order to ensure that the procured products are stored in a streamlined manner, we are able to come up...
