We are preferred names in media segment for providing commercial digital photography services, wedding videography services, modeling photography services. Apart from these, we provide retouching services as well as other customized works.

About Us

Established in year 1985, we Krishna Movies are amongst the distinguished service providers in the media segment for providing digital industrial and commercial event photography services. Our creative photography services include wedding digital photography, kids' portfolio photography, modeling photography, food and catalog photography, jewelry photography services, candid photography, interiors and exteriors photography. In addition to these services, we also provide corporate & documentary films production as well as multi camera setup for events. To meet the specific requirements of our clients spread all across the country, we provide photo retouching services as well as customized work such as collages/montages, pop art, background replacements, portrait effects, vignettes, and other special effects.

Our creative and high definition images & videos are produced using high tech equipments such as DV cameras, linear & non-linear mixer and video transfer unit. With the help of modern infrastructure facilities, we have explored new dimensions in the photography industry. At this infrastructure, we have installed all requisite tools and equipment that help in film developing, printing, push processing and photographic print toning. We have also developed color labs, where our trained perform quality work to enhance the overall look and appeal of images & videos. Our dedicated team also works with complete passion to exceed the...
