## About Us

KRS Roofing System got established by its Managing Director Mr.K.R.Sudharshan in the year 2012. Within a short period of its establishment, it has gained a wide popularity as a professional roofing company. The main motive of our company is to provide roofing systems to our clients in the commercial, industrial and institutional building industries in and outside Kerala.

Our industrial experience is quite evident from our operational areas in the field of fabrication, heavy structures and structural designing. We also conduct light engineering works and have gained proficiency in Roofing material manufacturing support as well as its implementation.

To offer a quality product, top service and admirable customer satisfaction, we give great significance to our employees and hence each and every employee in KRS Roofing System is dedicated to preserve the maximum standards in the construction industry.

We manufacture superior quality roofing sheets like Trafford which is also known as Trapezoidal sheets, Corigated or Sinusoidal sheets and Crimped or Curve sheets. Installation of colored roofing sheets of various thicknesses is another highlight of our service.

Apart from all these, we maintain a collection of accessories like all types of self drilling screws.

Kalyan Groups, MRG Builders, KMP Construction, Paramekavu Temple, Omega Builders etc are some of our well known clients who are really satisfied with our services.

Our company is dedicated to...
