About Us

Labindia Analytical Instruments Private Limited is primarily engaged in providing comprehensive solutions in Life and Analytical Sciences. We market and support analytical instruments and solutions that cater to pharma, biotechnology, life-science, food & beverage, agriculture, petrochemical, automobile, chemical, pesticide & fertilizer, cosmetics, metallurgy & foundry, environment industries in QC & R&D labs, Govt. Research Institutes, Test Labs, etc.

We, at Labindia, strive hard to strengthen the bond with our customers through effectively offering uncompromisable standards of customer service including sales and after sales support. This has helped us to achieve the status of “preferred solution provider” with a large number of customers. In the market place that demands 24x7 responses, we have invested significantly to stock spare parts to provide immediate after sales service. We also provide training to our customers. Our state-of-the-art application laboratory and training centre in Gurgaon facility and Thane factory is a testimony to the commitment. We have proficiency programs on both routine operations and advanced techniques.
