Lab Technologies

<https://www.indiamart.com/labtechnologies/>

Leveraging on vast experience from 2008, we, **LAB TECHNOLOGIES**, are engaged in trading and supplying an impeccable spectrum of Bio-Analytical Equipment.

About Us

Established in the year **2006 in Delhi**, we, **Lab Technologies**, are reckoned as the most sought after Traders, Wholesalers, Distributor and Suppliers of a pristine array of Bio-Analytical Equipment. The range of our products is acknowledged for its long functional life, excellent performance and reliability. These equipment's are widely used in Research Institute, R & D units, Pharmaceuticals, Hospitals and Environmental & Pollution Control. We offer **Whitley Anaerobic Work Station, Whitley Hypoxic Work Station, Whitley Microaerophilic Workstations, Rapid Methods, Anaerobic Jar System, Spiral Plating, Colony Counting, Laboratory Ovens, Laboratory Incubators, Sterile Bags, Gravimetric Dilutors, Lab Blenders, Laminar Air Flow Cabinets, Bench Top Meters, Electrophoresis Unit, Atomic Absorption Spectroscopy, Microwave Digestion, Ductless Fume Hoods, Biosafety Cabinets, Laminar Flow Cabinets, PCR Work Station, Double Beam UV-Visible Spectrophotometer and Microbiology Safety Cabinet**. We are looking for queries from all over India. Being a quality oriented organization, we believe in delivering defect-less products to the esteemed clients. For this, these films are sourced from the renowned vendors having unblemished track record, with the aid of our procurement agents. Thereafter, these products are tested on various pre-determined parameters by our quality auditors before delivering these at our customers' end. Further, our wide...
