Laser Cosmetic Surgery Centre was established in the year 1991. We are the leading Service Provider of laser plastic and cosmetic surgery that includes cosmetic breast surgery, breast implant, laser wart removal, laser face lift, botox injection, ...

About Us

Laser Cosmetic Surgery Centre was established in the year 1991. We are the leading Service Provider of laser plastic and cosmetic surgery that includes cosmetic breast surgery, breast implant, laser wart removal, laser face lift, botox injection, liposuction, eyebrow surgery services etc.

During the surgical procedure, small incisions of up to half an inch are made and plastic tubes called ports are placed through these incisions. The camera and the instruments are then introduced through the ports which allow access to the inside of the patient.
